TOURNAMENT RULES

Revised February 23, 2023

Tie Breaking

Tie-breaking formulas, if necessary, to determine participants and placement in crossover or semi-final games immediately following the round robin portion of the Tournament shall be as follows:

Two Teams Tied

1. If two teams are tied in points, the winner of the game between them is awarded the higher standing.
2. If two teams are tied in points and the game between the two ended in a tie, or the two teams have not played each other during the round robin portion of the Tournament, the higher standing will be determined based on the ratio of goals for to goals against, (goals for divided by goals against), calculated to three (3) decimal places. The higher standing will be awarded to the team with the higher ratio.
3. If the two teams are still tied, the higher standing will be determined by goal differential, (goals for minus goals against). The higher standing will be awarded to the team with the higher differential.
4. If the two teams are still tied, the higher standing will be awarded to the team scoring the most goals in the round robin portion of the Tournament.
5. If the two teams are still tied, the higher standing will be awarded to the team accumulating the fewest penalty minutes in the round robin portion of the Tournament.
6. If the two teams are still tied, the higher standing will be determined by a coin toss.

Three Or More Teams Tied

1. If three or more teams are tied in points, the higher standing will be determined based on the ratio of goals for to goals against, (goals for divided by goals against), calculated to three (3) decimal places. In calculating this ratio, only the records of the tied teams in games against each other shall be considered. The team with the higher ratio will be awarded the higher standing. **The second highest ratio gets second place, etc.**
2. If the teams are still tied, the higher standing will be determined by goal differential, (goals for minus goals against). In calculating this differential, only the records of the tied teams in games against each other shall be considered. The higher standing will be awarded to the team with the higher differential. **The second highest differential would get the next highest standing, etc.**
3. If the teams are still tied, the higher standing will be awarded to the team scoring the most goals in the round robin portion of the Tournament. In calculating this total, only the records of the tied teams in games against each other shall be considered. **The second highest goals for would get the next highest standing, etc.** 4. If the teams are still tied, repeat steps a. through c. including the games against all teams in the division.

Tie-Breaking Format For Crossover, Semi-Final & Championship Games

1. If a Crossover, Semi-Final or Championship Game is tied at the end of regulation time, the following tie breaking format will be used (goaltenders to remain in same end as third period for the duration of the overtime periods):
 - a. 5 minute stopped time, 4 vs 4, sudden death.
 - b. 5 minute stopped time, 3 vs 3, sudden death.
 - c. If a penalty is assessed during the 3 vs 3 portion of the overtime, a player is added from the non penalized team until the penalty expires and the next stoppage of play occurs. The penalized player returns to the ice when their penalty expires. At the next stoppage of play, players are removed from the ice as dictated by the overtime format.
 - d. At no time will any team play with less than three skaters during the overtime. If a team is assessed a penalty that would leave the team with less than three skaters, the penalized skater would serve his penalty, and the opposing team will add a skater, up to a maximum of five skaters. The penalized player returns to the ice when their penalty expires. At the next stoppage of play, players are removed from the ice as dictated by the overtime format.

TOURNAMENT RULES

Revised February 23, 2023

2. If no winner has been determined after the two periods of overtime, a shootout will take place, using one goalie and three (3) shooters from each team. Each of the shooters will take alternate shots on the opposing goalie until each of the six (6) shooters has had their turn. The team that scores the most goals will be declared the winner. If a player is serving a penalty that has not yet expired by the end of overtime, this player will not be allowed to be one of the first 3 shooters.
 - a. If still tied, one skater from each team will take a shot. This continues until one skater scores and the other does not. Penalized players are now eligible to shoot.
 - b. No player may take a second shot until all skaters on a team have taken a shot. Order of shooters may be changed for the second round.

DETERMINING BYES AND HOME TEAMS FOR PLAYOFFS
